

MADE IN THE USA

6400 / 6800

“Our Safety Speed Panel Saw is a great tool for us. It is durable, precise and a great time saver that makes the job so much easier.”

—Les Leet, Keystone Tool and Dye, Westons Mills, NY

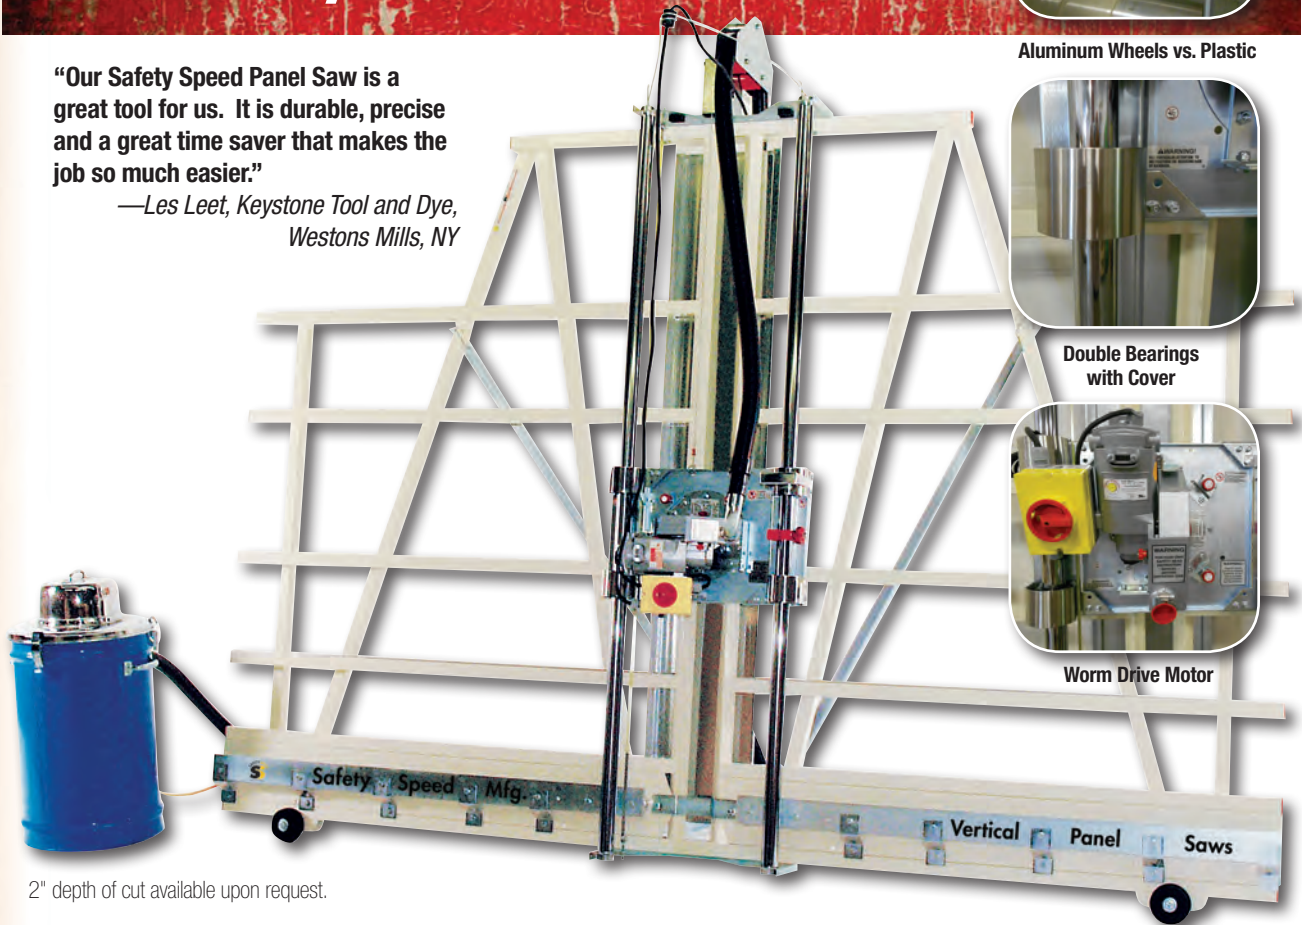

Aluminum Wheels vs. Plastic

Double Bearings with Cover

Worm Drive Motor

2" depth of cut available upon request.

For customers looking for more power and accuracy, the 6400 or 6800 is your answer. Featuring heavy duty worm drive motors, additional steel frame supports, aluminum wheels and double bearings, these machines will deliver an accuracy of 1/64". The 6400 can handle 64" wide sheets while the 6800 can cut sheets up to 74" without blinking an eye.

STANDARD EQUIPMENT

- 3 Hp worm driven heavy-duty saw motor.
- 10 ft. welded steel frame.
- Chrome-plated 1 3/4" guide tubes.
